

Student Life Committee Report, November 14, 2019

The Student Life Committee met on October 30, 2019 for our first meeting of the academic year, and we met quorum with both faculty, staff, graduate and undergraduate students represented.

The committee reviewed the charge of the committee and discussed how the committee can be responsive to students. We agreed to compile a history of the committee in order to be effective in our role.

We followed up on past committee work to propose a change to the name of the committee from “Student Life Committee” to “Committee on Student Experience”. We decided to re-submit this proposal to the Statutes and Bylaws Committee by the end of the calendar year.

Respectfully submitted,

Mary A. Caplan, Chair
Committee on Student Life
University Council
University of Georgia, Athens
