

The **Committee on Student Life**'s first meeting of this academic year was on September 15, 2020 via Zoom. With quorum met, we reviewed progress from the previous academic year and turned to a thorough review of the current Description, Bylaws, and Committee Name as well as a deliberation of the need for this Committee to keep pace with recent transformational changes at the University of Georgia regarding the student experience. Old business included a review of engagement with student committee members, student mental health, and Graduate Student fees. New business included campus-wide efforts for members to be aware of and promote: *Dawgs Together: A Peer Allies* program (<https://ally.uga.edu/>). The Committee-as-a-whole will commence a revision process for the Description, Bylaws, and Committee Name in the coming weeks and looks forward to sharing the products with the Council.

Respectfully submitted,

Chase Hagood, Chair
