

Report of the Human Resources Committee of the University Council
Submitted by Robin Shelton, Chair, November 13, 2020

During the 2020/2021 academic year, the Human Resources Committee has been focusing on the effects and potential effects of the coronavirus on employment at UGA. During the September 15, 2020 on-line meeting, the committee discussed a proposal to encourage the retention of staff members during the pandemic. The committee suggested several revisions to the proposal. We anticipate discussing the revised proposal at the next meeting. The September 15th meeting included 16 of the 27 members of the committee and lasted for 1 hour and 5 minutes.
