Re: Name Change for the Housing Demographics Research Center

University Council Executive Committee:

The College of Family and Consumer Sciences requests to change the name of the Housing Demographics Research Center (HDRC) to the “Center for Housing and Community Research.” The board of the HDRC unanimously voted to approve this name change. The new name more accurately reflects the work of the Center including the Georgia Initiative for Community Housing (GICH) program. This renaming will also facilitate the naming of the Center to the “Karen L. Tinsley Center for Housing and Community Research” when they reach their \$1 million fundraising campaign goal in 2021, the 25th anniversary of HDRC.

Sincerely,

S. Jack Hu
