Staff Council Report

Date: November 19th, 2025

Presented by: Rebecca Mayo, Staff Council President

Updates

Back in October, a group of staff attended the USG Staff Council Annual Conference for staff development. The sessions were focused on resiliency in leadership, and it was a great opportunity to network with staff from other USG institutions.

Earlier this month, the Benefits and Classification Committee of the Staff Council was able to host a meeting with the USG Total Rewards Steering Committee. Staff were able to learn about how benefits packages are determined and what data drives these decisions. We look forward to continuing to collaborate with the TRSC.

Last week, we hosted an initial meeting with Dining Services regarding a joint initiative between the Staff Council, the Graduate Student Association, and the Student Government Association to address food accessibility on the extended campuses. We look forward to reporting progress on this initiative.

Speaking of extended campuses, this week members of the Staff Council Executive Committee visited the TEEC Buckhead campus and rounded out our visits to the official extended campuses. We've learned a lot about the offerings and circumstances at each campus and are thrilled to be building a stronger network of informed staff. We're in the process of scheduling a visit to the Skidaway site in February.

In December, we will be hosting speakers from the Disability Resource Center as well as a team from UHR to discuss the Journeys project. The December meeting will be held in room D101 of the Sanford and Barbara Orkin Hall in the Terry Business Learning Community. Our meetings are open and you are welcome to attend. If you'd like to hear from previous speakers, recordings of Staff Council meetings are available on Kaltura.

Conclusion

This concludes the report from the UGA Staff Council. If you have any questions or would like to connect, please reach out.
