

April 23, 2009

Dr Michael Adams, President
The University of Georgia
Administration Building
Campus

Dear President Adams,

Since their last meeting the Educational Affairs Committee met once since the last university council meeting on March 23, 2009. The petitions subcommittee met once since the last University Council meeting and reviewed fourteen petitions: approving 11 and denying 3. Next year's co-chairs were appointed: Jeffery Dorfman for fall semester and Gayle Andrews for spring. Dr. Dorfman also agreed to represent the Educational Affairs Committee as the Chair of the Housing Appeals Committee.

The committee forwarded two items for today's meeting: The approval of the 2010-2011 Academic Calendar and the document "A compact for Responsible Scholarship: A Joint Resolution for Academic Excellence" created by the Student Government Association and Teaching Academy. The committee moves to support this document.

Respectfully submitted,

Susan C. Quinlan, Chair
Educational Affairs Committee.
