

Regents policy: <http://www.usg.edu/policymanual/section3/C339/#>

Note: each "week" is a 150 minute instructional period or equivalent, per Regents Policy. Example is presented for classes that meet one day per week, but this can be extrapolated to all classes that meet 150 minutes per week.

Regents policy requires 15 weeks X 150 minutes = 2250 minutes.

Week 16 is extra instructional time not required by Regents policy.

These are the proposed dates for Fall 2017 and Spring 2018 based on the faculty petition
